

SES1725
Cat Back Exhaust System
NOW AVAILABLE!

SES1725

SES1725
2003-2005 Honda Element
SUPER SES SS Cat Back Exhaust System

That quirky, fun, boxy, unique thing you drive called the Honda Element- just got a lot more fun to be in! Finally, the release of Injen Technology's SUPER SES Stainless Steel Cat-back Exhaust System is now available! No more piecing together your own system with anything you can find, take the work out of it and simply bolt on our system! With a SUPER SES badge, polish tip and power gains of up to 7hp/6 ft.lbs of torque, if your Element could smile, it would!

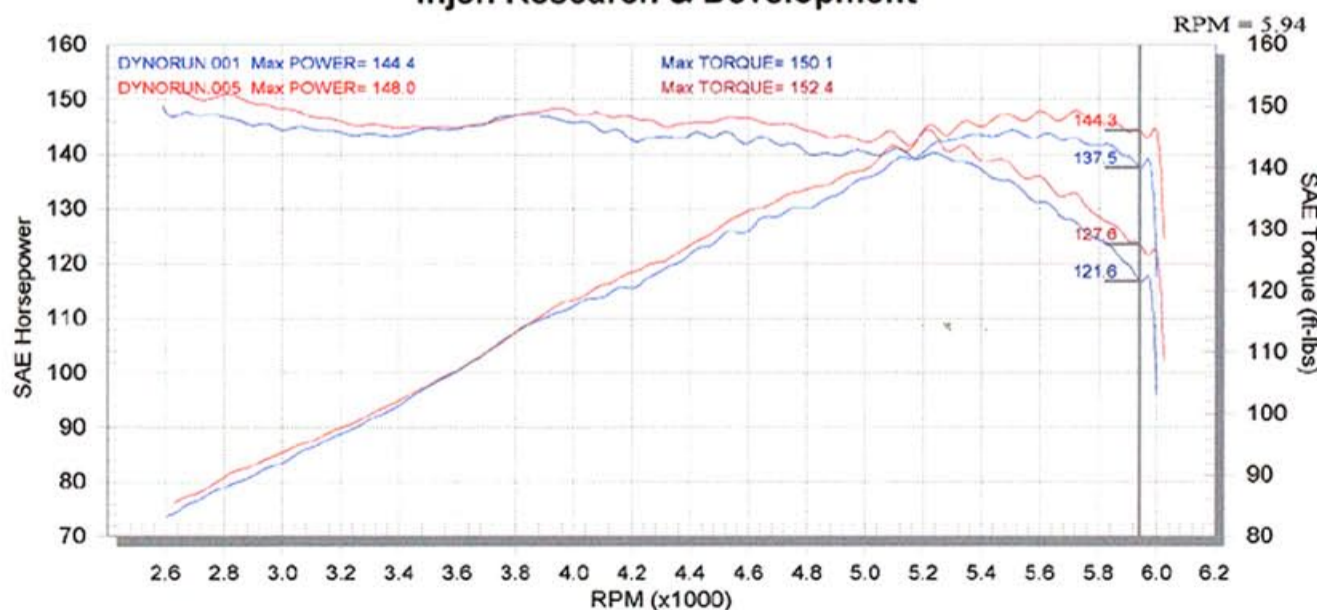

Key features:

- Stainless Steel Cat-back Exhaust System
- Complete Bolt-on
- Power gains of up to 7hp/6 ft.lbs of torque
