

**SES1898IC**  
03-05 Mitsubishi Evolution 8  
2005 Mitsubishi Evolution MR

**NOW AVAILABLE!**

**You wanted just the piping...yeah, we can do that.**

Injen Technology is proud to release the newest addition to it's EVO VIII line-up. The all new SES1898IC Intercooler Hard Piping Kit will accommodate your stock intercooler and give it the added dress up your engine needs. This three piece system easily bolts on to your 2003-2005 EVO VIII and MR without any modifications and includes heavy duty T-bolt type clamps. So run out and get your kit today, so you can brag about it later! Available in Polish and Black Powder Coat.

\*Designed to work with Injen's intake system.  
Other systems may require modifications.

# SES1898IC
