

SP1576
Cold Air Intake System
NOW AVAILABLE!

SP1576

SP1576
02-05 Honda Civic Si
Cold Air Intake System

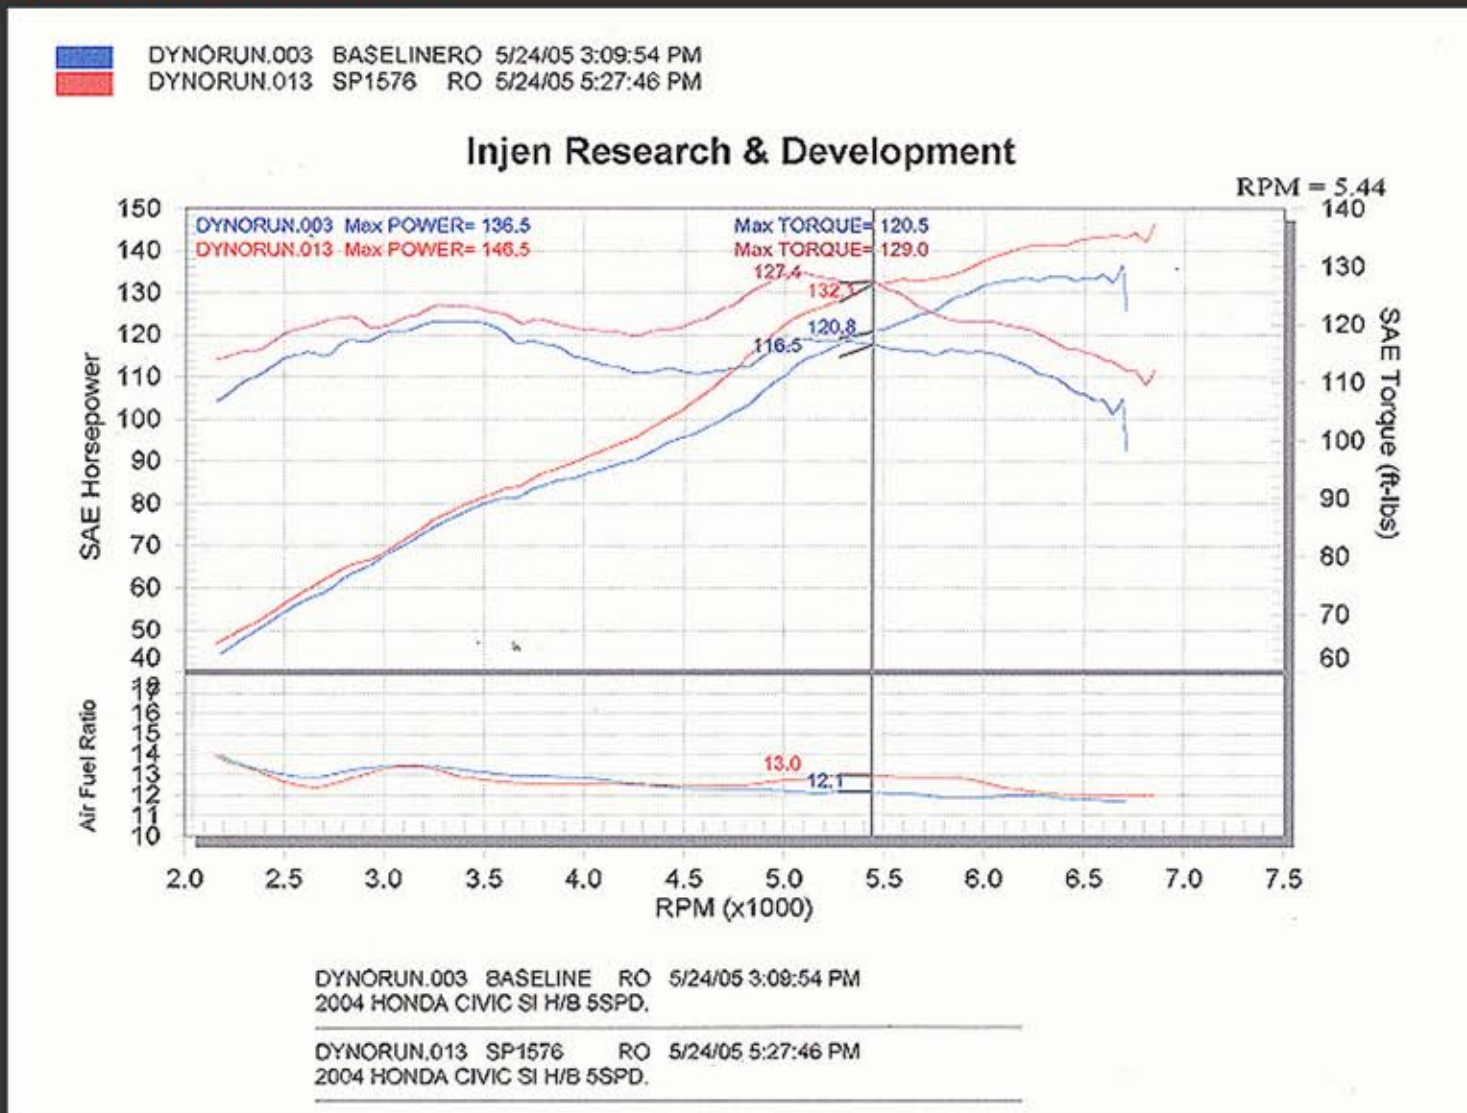

Just like those tired old sneakers you have in your closet, some things need updating. That's exactly what we did with the all-new SP1576 for the 2002-2005 Honda Civic Si. With an increase in size, let the engine roar as you accelerate with authority! Featuring a mirror polish finish or for that stealth look in powder coat black –gains of up to 12hp/13ft.lbs of torque, everyone will know you mean business. Single piece design accommodates both manual and automatic, requires no modifications, which means a simple install. Don't get caught driving without one!

Key features:

- Accommodates Manual & Automatic
- Tuned Velocity Filter
- Polish or Black Powder Coat Finish
- Gains of up to 12hp/13ft.lbs of torque
