The all-new SP1726 now with MR Technology!
The best intake on the market for your Element just got better!
MR Technology not only provides a safer a/f ratio, it also provides the best performance gains from an air intake system. With gains of up to 19hp/16 ft-lbs of torque, ditch the restrictive factory piece and let your engine breathe with the all new SP1726. Available in Polish and Black Powder Coat.

MRtech1

This graph without the use of MR Technology, reveals a very unstable and lean air/fuel ratio while making high horsepower/torque gains.

MRtech2

When MR Technology is implemented horsepower/torque gains are maximized while air/fuel ratio becomes stabilized. MR Technology tunes the intake system to within SAFE FACTORY LIMITS, making it the THE WORLD'S FIRST TUNED INTAKE SYSTEM!
